

WING SPAN REQUIREMENTS

Articles need to be submitted in Word format without pictures imbedded in the article. If you have photos and would like to add a caption for the photos, please put title the photos by number and at the end of the article list your photos by number and the caption that goes with it.

(Example: Photo 1: Maj. Fernandez and his mustache)

Photos need to be submitted in JPEG or TIF format. The size of the photos is not a concern. If they are too large for an email we can set up a DropBox to transfer the files. Captions are not required.

If you have more than one article please submit one per email to avoid mixing them up.

Submit articles to: utahwingcap@yahoo.com <mailto:utahwingcap@yahoo.com> at any time!
